## description

The Doro HandlePlus can both make and receive calls. The 5 large buttons on the phone store one contact number each as a speed dial. When you want to call a number, just press the appropriate button where the number is stored.

The Doro HandlePlus 324 has large oversized buttons for ease of use. The Swedish designed Doro HandlePlus has been specifically modeled to allow users to grip the handset effortlessly and locate its buttons with ease. The Doro Handle Plus phone also comes with a handy neck strap which is a good way of carrying the phone about keeping your hands free to do other things.

## setup

To setup the handle plus you need to programme the five pre determined numbers onto the SIM card. In order to do this the SIM will need to put into another mobile phone and the 5 numbers stored as contacts on the SIM card with the name prefixed with the no.s 1-5 and these will correspond to five buttons on the handle plus. i.e. 1daughter, 2son etc.
